making the invisible visible

Sprout is a private, non-profit organization, founded in 1979 by Anthony Di Salvo, offering innovative programming related to the field of intellectual and developmental disabilities (I/DD).

Our ***TRAVEL AND RECREATION PROGRAMS*** are dedicated to helping individuals with intellectual and developmental disabilities grow through challenging and safe travel experiences and social activities. Our programs are available to people with I/DD as well as the agencies that serve them throughout the United States.

Through our ***FILM PROGRAMS*** we invite you to experience film and video featuring people with I/DD. People in this population as subjects and performers remain marginalized in the media. By creating and presenting films of artistry and intellect, we hope to reinforce accurate portrayals of people with I/DD and to expose the general public to important issues facing this community.

vacation program

Since 1979 Sprout has provided people with special needs exciting vacation opportunities across the U.S. and throughout the world.

From relaxing weekend escapes to week-long adventures of travel and discovery, Sprout has a vacation to please everyone.

We can relax when our guys go on Sprout trips. We know that they will come home clean, happy and healthy. They always have a great time, and share stories long after their vacations end.

associate director

- Participants on our vacations have developmental disabilities (moderate to high functioning levels) and are at least 21 years old. Travelers must be ambulatory and capable of functioning well within Sprout's traveling ratio of 1 leader to 3-4 participants.

- Our usual group size is 10-11 participants and 3 Sprout leaders. This ratio not only allows for individual attention, but also creates a comfortable atmosphere for socialization and personal growth.

- Groups typically use 15-passenger vans for access to a wide variety of local activities, restaurants and attractions.

- Our groups stay in a variety of inns, motor lodges, condominiums, and hotels where we are known and welcome. Occasionally in select rooms, due to participant ratios and to keep the trip cost affordable, we use roll-away beds.

- Driving trips begin and end in New York City. We also have a selection of trips which offer pick-ups/drop offs in Connecticut, New Jersey, Long Island and upstate NY. **Airline trips departing from NYC will leave from one of the three metropolitan airports.**

- In general, extended driving trips depart at 10:30am. Weekend trips depart on Friday at 5:00pm. All trips return at 5:30pm, unless otherwise noted.

- The cost of the trip covers all meals, accommodations, transportation, leadership costs, activities, accident insurance and gratuities. We suggest that each participant bring spending money to purchase souvenirs.

- Each group's leadership team has access to a cellular phone and a 24-hour support system during the entire trip.

Special pick-ups/drop-offs - Individuals traveling via public transportation and in need of assistance can be escorted to and from the meeting location for an additional fee. Pick-ups can be arranged at Port Authority, Grand Central Station or Penn Station. Pick-ups can also be arranged at La Guardia, JFK or Newark airports. This service must be requested and confirmed in writing with the Sprout office and times must correlate with meeting and return times for the rest of the group. **These arrangements must be made at least 21 days prior to the trip departure.**

En route pick-ups/drop-offs - A pick-up location en route to the destination can be arranged, when feasible, for a nominal fee. **These arrangements must be made at least 21 days prior to the trip departure. En route pick-ups and drop-offs are not available for weekend trips.**

I would just like to thank you for the wonderful service that you provide for the community. Our consumers had such a great time that they are already asking me to go next year, which is a pretty big deal for them. Thank you also for making the signup process so easy, most other things we do are arduous in comparison.

service coordinator
